89th Transportation Squadron vehicles capable of pulling the SPEARR trailer

- 10 K forklift
  - Drift pin to lynet type hitch
  - 10 K pound tow capacity
  - Hitch height approximately 18”

89th Transportation Squadron vehicles capable of pulling the SPEARR trailer

- Close-up of 10 K forklift trailer hitch
  - Operated at paved facilities only

89th Transportation Squadron vehicles capable of pulling the SPEARR trailer

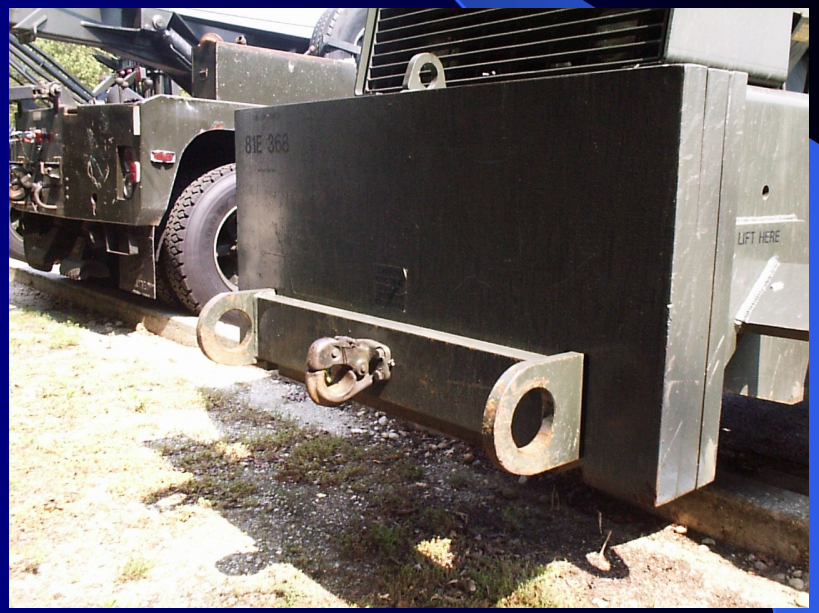
- 6 K forklift
  - Drift pin to lynet type hitch
  - 10 K pound tow capacity
  - Hitch height approximately 15”
  - Operated at paved facilities only

89th Transportation Squadron vehicles capable of pulling the SPEARR trailer

- 10 K all terrain forklift
  - Pintle to lynet type hitch
  - 10 K pound tow capacity
  - Hitch height approximately 20”

89th Transportation Squadron vehicles capable of pulling the SPEARR trailer

- Close-up of 10K all terrain forklift trailer hitch
  - Can operate at remote, unimproved facilities as well as paved sites
  - Forward deployed for flight line operations



89th Transportation Squadron vehicles capable of pulling the SPEARR trailer

- MV2 aircraft tug
  - Pintle to lynet self closing type hitch
  - 17.5 K pound tow capacity

89th Transportation Squadron vehicles capable of pulling the SPEARR trailer

- Close-up of MV2 aircraft tug front trailer hitch
  - Can operate at unimproved sites but more likely to be found at paved sites
  - Hitch height approximately 18”

89th Transportation Squadron vehicles capable of pulling the SPEARR trailer

- Close-up of MV2 aircraft tug rear trailer hitch
  - Hitch height approximately 18”

89th Transportation Squadron vehicles capable of pulling the SPEARR trailer

- Chevy 3500 1 ½ ton tow vehicle
  - Pintle to lynet type hitch
  - 10 K pound tow capacity
  - Hitch height approximately 20”

89th Transportation Squadron vehicles capable of pulling the SPEARR trailer

- Close-up of Chevy 3500 1 ½ ton trailer hitch
  - Can operate at unimproved sites but more likely to be found at paved sites

89th Transportation Squadron vehicles capable of pulling the SPEARR trailer

- Chevy 3+3 tow vehicle
  - Pintle to lynet type hitch
  - 10 K pound tow capacity
  - Hitch height approximately 20”

89th Transportation Squadron vehicles capable of pulling the SPEARR trailer

- Close-up of Chevy 3+3 trailer hitch
  - Can operate at unimproved sites but more likely to be found at paved sites
